

TP380[®]

personal defense weapon

The MP9 represents the latest advancement in personal defense weapons, and is the world's lightest select-fire 9x19mm weapon system. Ideal for surveillance teams, vehicle crews, strike forces, and PSD details – the MP9 surpasses all other submachine guns in size, weight, and flexibility. This revolutionary platform is now available in a scaled down, semiautomatic variant chambered in .380 ACP, known as the TP380.

- Ambi Charging Handle
- Fixed Back Up Sights
- Standard Threaded Barrel
- Forward Picatinny Rail
- Tabbed Trigger
- 15 or 30rd Magazines Available (30 Shown Here)
